

TITELBILD at the Languages and the Media Conference and Exhibition 2010

The 8th international Languages and the Media Conference will take place from 6th - 8th October 2010 at the Hotel Intercontinental in Berlin.

The theme of this year's conference is *New Media - New Contexts - New Translator Profiles?*. In a rich selection of sessions, presentations and interactive formats, the conference will look into language transfer for the media in fields such as subtitling, audio description and dubbing. Further topics include accessibility, localisation of content, as well as the effect of new tools and future technologies on language transfer for the audiovisual media.

Once again TITELBILD is proudly supporting the event and will be present at the exhibition with a stand.

In collaboration with our London Red Bee Media team, we will also be providing a remote live transcription service in English for the *Reception / Accessibility* session from 2.30 pm - 4pm on Friday, 8th October. Please contact our Business Development team for an invitation to attend this session.

We kindly invite you to the event and look forward to seeing you there.

For further information on the conference and registration please visit www.languages-media.com
